

List of Students Main Project 2012-2016 Batch

Name of the Students	Project title	Guide Name
Abhinaya.V	Synthesis and characterization of gel casted Alumina	Dr.Vijaya Chitra Arasu
Asharaf Ali.M	Effect of welding parameter on the mechanical properties of similar and dissimilar weld of duplex stainless steel	Mr.M.P.Praveen
Fathima Elizabeth.V	Experimental Studies on defect analysis in non-return Valve.	Dr.K.Santhy
KavinPrasath.S	Synthesis of ceramic powder through sol gel method and dip coated on mild steel to study its characteristics	Ms.R.Karkuzhali
Milan Shahana	Defect analysis in Harvester cup and chain link	Dr.Vijaya Chitra Arasu
Mohammed Ashiq.S	Synthesis and Characterization of poly aniline/ ZnO Composites	Mr.N.Tamilselvan
Prasanth.S	Rejection Analysis of Foundry defects for Quality Improvement of Sand Casting	Dr.K.Santhy
Sheik Mahaboob.R	Effect of additives on the performance of oil based coating	Ms. Karkuzhali
Subhasri.V	Effect of anionic and cationic dopants over structural and optoelectronic properties of wide band gap metal oxide semiconductors	Mr.N.Tamilselvan
Vidhya.T	Mechanical and tribological performance of SiC particles on Aluminium hybrid composite with the additional of Nano graphite	Mr.M.P.Praveen
