GREEN AUDIT DECLARATION

Our college has well defined policies regarding energy conservation of electricity, water, environment etc and all the policies are being clearly explained and strictly enforced to be followed by the college personnel.

For the purpose of evaluating the efficiency of the energy conservation and environment protection in our college campus, we had a BEE Certified Energy Auditor to perform the Green Audit, Energy Audit and Environmental Audit in our campus. Our efforts proved worthy and its evident from the certificates attached herewith and the pictures that prove the authenticity of our efforts.
