## **6. Hackathon**

For SIH2022, two projects were submitted from the Department of ECE, One problem statement is “Pattern recognition algorithm to identify marine animals” under the ministry of National Institute Of Ocean Technology, Ministry Of Earth Sciences and another problem statement is “Identification and location of voids in earthquake scenario” under the ministry of National Disaster Response Force (NDRF) under the Guidance of Mrs.R.Deepalakshmi / AP-ECE.

From those two Problem statements, “**Identification and location of voids in earthquake scenario**” under the ministry of National Disaster Response Force (NDRF) was selected for the next round and for that 2<sup>nd</sup> level, video Demo were prepared and uploaded in the link given by SIH2022 team. And that idea was shortlisted in the top 5 for Grand Finale 2022.

SIH2022 Hardware edition dates and Nodal centres were announced by SIH team through Team Leaders mail. Hardware Edition dates are from 25.08.2022 to 29.08.2022 (05 days) and Schedule also shared in the Common Telegram group.

For this PS, they allocated the Nodal centre in AD Patel Institute of Technology, Anand City, Gujarat and Single Point of Contact (SPOC) of the Nodal centres were shared through the Team leaders Mail ID. And Standee and T-shirt designs were given by the SIH Team which is mandatory for all the teams and Team members.

Day 01 (25.08.2022) Started with the Inauguration of Local and Central level followed by the 10 minutes mentoring session of 3 expert panel members (Individual Ministry/organization expert to guide the teams). Day 02 (26.08.2022) morning started with the mentoring session, they gave many suggestions and inputs regarding the project flow and time management. Evening of the day 02, Evaluation phase I Started and work continued round a clock. This is repeated for all days until Day 05.

On Day 05 (29.08.2022), Full Demo and Presentation were explained in front of all the Panel members. They appreciated the work and congratulated the team members and the mentors for getting the exact output.

The efforts of all the team members from the department who made this event a grand success is appreciated. The people behind the scene are Mrs.R.Deepalakshmi & Mr.S.Sriram Sundar who worked hard to bring this to reality.

## **10.Perspective Plan**

The Perspective plan for faculty has been framed in such a way that the faculty contributes to the academics, Self improvement (Upskill),Research activity, Student Support and Progression and Institutional development. Weightages assigned to each criteria. The target in each criteria is discussed at the department level in the beginning of each semester. The Score card is filled whenever progress is made. At the end of each academic year, the score cards are filled completely by faculty, checked by HoD and forwarded to the Principal for performance appraisal. The cumulative scores of department faculty is used to assess the performance of the department. The best faculty and best department awards are being declared in the Annual day function by the CEO. When faculty and department are successful in reaching out their target as per perspective plan, the vision and mission of the institution is automatically achieved.

### SWOC Analysis

○ The most crucial step in strategic planning involves identifying the Domains/Thrust areas that need to be strengthened for the development.

○ Thrust areas are identified based on the SWOC analysis made by the department, and keeping the contents of the Vision and Mission statements of the college and department.

#### Strengths.

- Well formulated PSOs, PEOs, and POs and well defined mission and vision.
- Adequate number of qualified and experienced faculty
- Encouragement for faculty which results in Good number of faculty pursuing Ph.D
- Good faculty interaction with outside world
- Good student Faculty Ratio
- Good faculty retention
- Good number of placements for students
- Faculty with expertise in diversified fields of specialization
- Good number of FDPs and STTPs, webinars and Guest lectures conducted
- Value added course in collaboration with MoU signed Industry
- Good number of Professional society (IEE Student Chapter) activities.
- Training programs and certification courses organized in the chosen Technical fields of interest
- Steadily increasing research culture by way of faculty publications
- Practical and application oriented teaching through Project Based Learning
- Industrial Internships for students
- Highest number MoUs among the departments- 1.Teslaminds, Chennai 2.Siemens Centre of Excellence, NIT Trichy and 3. Vaayushastra-Chennai.
- **Excellent Team work and cooperation among faculty members**

#### Weaknesses

- Lesser number of faculty with Ph.D
- Lack of interdisciplinary interface with other departments or institutions
- No collaboration activities so far with institutions of Academic excellence
- Negligible collaboration with industry
- No PG Program

#### Opportunities

- Encourage and conduct research in multidisciplinary areas in close connection with industry
- Motivate and guide younger faculty to pursue research
- Motivating students towards establishing the startups and focusing on student's entrepreneurship
- Motivating students to get the best pass percentage in the university examination
- Having the centers of excellence with industrial collaboration
- Training programs for increasing the eligible students for good Placements
