INDUSTRIAL VISIT REPORT

Date: 18-03-2023

Introduction to Prim Engineering Industries Pvt Ltd, Thuvakudi, Trichy

Prim Engineering focuses on CNC and CMM Machines. They are preparing Fasteners like Screws, Nuts and Bolts primarily in large batches. having many years of technical experience and knowledge . Employee strength of 40 persons Shift Supervisors - 4 and with machine operators. No of machining centers VMC-6 nos C.N.C TURNING -5NO and CMM -1
NOW they are doing machining of.

- Aluminum steel components
- Titanium alloy parts
- Aluminum grey iron castings
- Precision machined components for automobile, pneumatics medical instruments
- Gear boxes for various applications
- Flow control valves for petroleum chemical industry .

- The industrial visit was held on 18-03-2023. There was a representation on Manufacturing Technology and CNC for the Department of Mechanical students & mainly focused on the Manufacturing area.
- It was taken by Mr. M. Parthiban, Managing Partner and Mr. J.Kannan, Manager who graced the occasion with their presence.
- A training introduction session about the safety procedures and CNC working process was explained by Mr. J.Kannan, Manager
- In this Industrial visit, student and faculty members understood the process of CNC manufacturing. The fastener production process comprises six steps: raw material transformation, blank forming, heat treatment, combined locking, surface treatment, and packaging selection.
- Raw material (circle) acceptance: Coiled round, also known as wire or coil, is made by heating and rolling a billet. Due to its size and surface quality, a hot-rolled wire rod cannot be used for fastener production and must be reworked.

Conclusion:

The **Prim Engineering Industries Pvt Ltd** conducted a very informative session for the students. The expert person has graced the occasion with their presence. The students and faculty got awareness and learned about the manufacturing methods of fasteners and use of CNC machines in batch production units

By this Industrial visit our students learnt:

- ❖ General methods for Bolt and Nut production
- ❖ CNC Automation Methods
- ❖ Applications of CNC in fastener industry
- ❖ Real time usage of CMM measuring practice and procedure.

Report on A Five Days online FDP on “Exploring Research using SEM & XRD”

Venue:Google Meet

Date:19-12-2022 to 23-12-2022

Time:06.00 pm -07.30pm

A Five Days online FDP Programme was jointly organized by the Department of Mechanical Engineering , CARE College of Engineering and Department of Materials and Metallurgical Engineering, IITE , Indus university, Ahamadabad, Gujarat from 19-12-2022 to 23-12-2022 through online mode. This FDP was coordinated by Dr.D.R.Rajkumar, Head & Associate Professor/Mechanical and Resource Person was Dr. K.Santhy, Head & Associate Professor/Materials and Metallurgical Engineering, IITE, Indus university. About 29 Participants from various engineering colleges inside and outside India and 3 faculties from Department of Mechanical Engineering as well. Notably from Singapore, South Africa and so on. Research Scholars, Faculties and Industry persons were Participated actively in all five days and gained knowledge in SEM and XRD. It consists of research needs on SEM & XRD, Testing, Sample preparation, Result analysis & Interpretation and presenting results in Journal and Conferences. Everyday Assignment of every session was collected.

The programme began with the welcome address by Head & Associate Professor/Mechanical, CARE College of Engineering. ALL fives, the topics were discussed and the lecturer was given by Dr. K. Santhy Head & Associate Professor/Materials and Metallurgical Engineering, IITE, Indus university. Participants were given time to interact with resource persons on the topic every day. All the doubts were cleared after each session was over. On the fifth day, participants' Feedback was collected through the google form using link (<https://forms.gle/krZdT2bYwNMFGF3g8>).

Vote of thanks was delivered by Mr.P.Dinesh Kumar AP/Mechanical,CARE College of Engineering. E-Certificate was Sent to all five days attended participants through their registered Mail id.
