Question Paper Pattern with Part-A and Part-B

All the questions shall be of supply type.

Part-A (10x2=20 Marks)

Each question shall carry 2 marks.

There shall be ten questions, and students need to answer all the ten questions.

Students shall take around 2 minutes to answer one question.

Questions can be in Remember or Understand or lower levels of Apply Knowledge Levels.

There shall be two questions from each unit. Out of the two questions, one question shall be from the first half and the second question shall be from the second half of the unit.

Part-B (5x16=80 Marks)

Each question shall carry 16 marks.

Each question can have a maximum of two subdivisions. The marks for the subdivisions shall be mentioned clearly at the end of each question with in bracket as shown in the following sample.

Sample			KL	CO
11.	a)	i) Discuss in detail the uses of ethical theories.	(8)	Un CO2
		ii) Explain the theory of duty ethics and its classification.	(8)	Un CO2

Students shall take around 30 minutes to answer one question.

There shall be five either or questions.

Questions can be in Understand or Apply or higher Knowledge Levels.

There shall be two questions (one either or) from each unit. Out of the two questions, one question shall be from the first half and the second question shall be from the second half of the unit.

It is preferred that the two questions from a unit shall address same Course Outcome and be in the same Knowledge Level.

Note: Mutually exclusive questions are preferred.
